01

Color

Deep, dim-lit tones read as the room itself – copper light against a dark, art-forward space. Cream carries text; copper is the primary accent, and the teal sampled from the logo background is used sparingly as a second accent.

03

Logo

A script wordmark paired with a martini glass mark and tracked-out lockup type.

Cream on dark is primary; ink-on-cream is the sole reversal.

Clear space: keep at least the height of the "M" in MARTINI LOUNGE clear on all sides.

Never recolor the script, skew the glass, or reset the lockup type in anything but Manrope uppercase, tracked wide.
